UD07. APPLICATIONS AND SERVICES MANAGEMENT

1. DATA

From 28/11/2022 to 11/12/2022. The length of the unit is 2 weeks (16 hours)

2. PREVIOUS KNOWLEDGE

Knowledge about applications and services

Knowledge about managing applications and services

3. OBJECTIVES

- Understand what's an application, the different ways to install them and manage them
- Understand what's a service, how do you run something as a service and how to manage them

4. CONTENTS

- Applications
- Installation
- Services
- Management

5. ACTIVITIES

This week's activities are not evaluable.

The activities are intended to be carried out using virtual machines, as some of the exercises require installing applications and services, which may lead to errors on the machine making the computer inoperative. Virtual machines clones and snapshots will be very useful to avoid having to reinstall the operating system again.

6. RECOMMENDATIONS

Try to perform the exercises using the command line. Use the man command to obtain additional information on the operation and parameters of the commands.
